The Language Pack installer updates DiagnosticLink 8 (Standard or Professional) with the option to Convert the language to Spanish (Mexico).

Update Instructions

 Verify the appropriate DiagnosticLink version as the language pack installer version must match. For example, if running DiagnosticLink 8.08, you must use the language pack installer for 8.08 (Standard or Professional).

If running DiagnosticLink 8.06, you must use the language pack installer for 8.06. To verify, what version of DiagnosticLink you're running:

Open DiagnosticLink and click **Help > About**:

Component	Version	
Application Components		-
DiagnosticLink - Professional	08.06-03546-00000	
S-API	01.15-00572-00000	
Caesar	03.02.16 (Jul 6 2015 12:13:40)	
System Information		
Start Time	5/9/2017 6:58:22 PM	
Operating System	Microsoft Windows NT 6.1.7601 Service Pack 1	
.NET Framework	4.0.30319.42000	
C	00 40 00 00 00	

2. Click Language Pack Update link in the DiagnosticLink 8.06 section of DDCSN

DiagnosticLink 8.06
